The caller will be requested to provide their name, telephone number, unit/building number, parking pass number, the make/model and license number of the vehicle to be towed. The caller will also be requested to meet the tow truck driver at the location from which the vehicle is to be towed, present proper identification, including a towing authorization letter, which may be obtained from the Management Company, be present during the entire towing process and sign the tow slip. Towing may only be authorized from the parking space assigned to you.

Towing must be done in accordance with City and County towing laws. If a resident improperly causes a vehicle to be towed, the resident so causing the towing will be responsible for any and all charges incurred. All residents should carry adequate insurance to protect themselves from the liabilities involved with towing and contact their insurance agent to make sure that they have adequate coverage.
